

24/7 CYCLE MAINTENANCE, ANYWHERE

Bike Repair Stations

Our Bike Repair Stations give cyclists a convenient one-stop hub for DIY maintenance. Compact, durable and easy to use, they're the perfect addition to campuses, workplaces, rail stations, busy cycle routes - or paired with a Velobox or shelter.

Design and features:

- Compact tower framework with integrated pump and tools
- Stable wheel holder for safe inflating
- Galvanised and powder-coated finish in any RAL colour
- Quick installation onto concrete surfaces
- Optional servicing plans for tool replacement and cleaning
