

Velohome

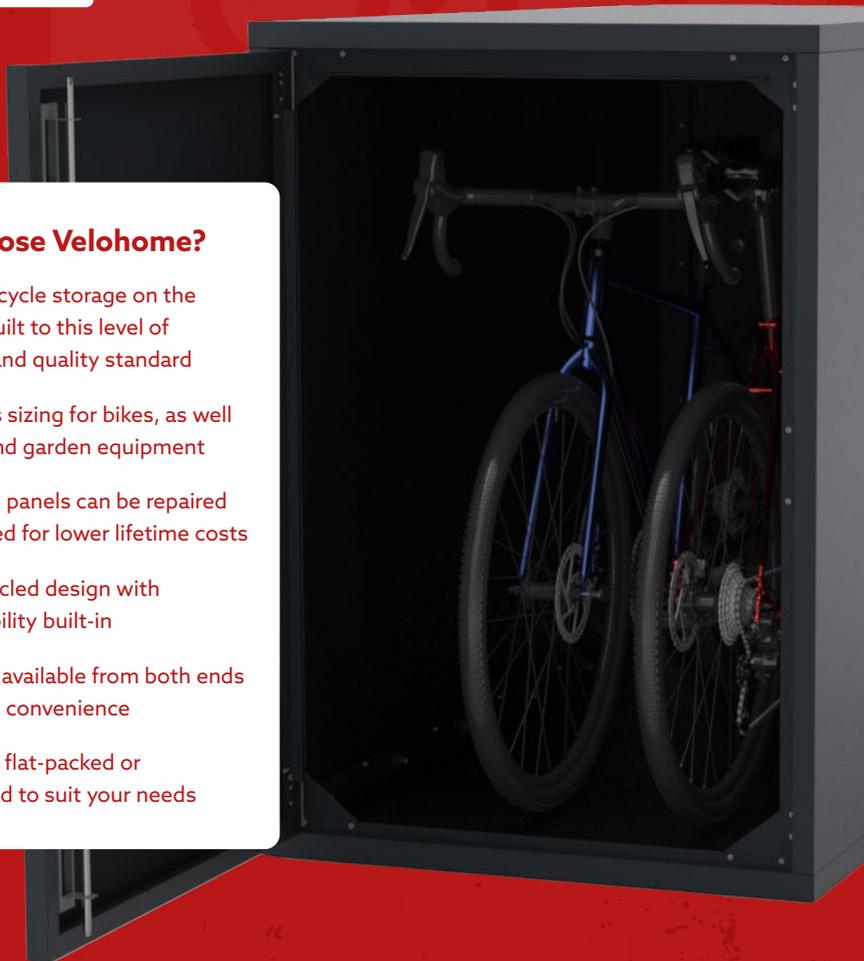

THE MOST SECURE CYCLE STORAGE FOR YOUR HOME

Designed and manufactured in the UK, the Velohome provides a robust, weatherproof and fully enclosed storage solution for households. Available in 2-bike and 4-bike options, it's the most secure domestic cycle unit on the market - perfect for placing in back gardens and on driveways.

From £999 + VAT

Why choose Velohome?

- The only cycle storage on the market built to this level of security and quality standard
- Generous sizing for bikes, as well as toys and garden equipment
- Individual panels can be repaired or replaced for lower lifetime costs
- Fully recycled design with sustainability built-in
- Access is available from both ends for added convenience
- Delivered flat-packed or assembled to suit your needs

Secure storage:

- Storage for 2 or 4 bikes secured with key

Independently designed and tested to the Sold Secure Pedal Cycle 'Diamond' rating

Design and installation:

- Fully enclosed for complete protection
- Delivered flat-packed or assembled
- Comes with an integral base for added stability and security
- Fits back gardens and driveways where space is limited
- Custom colour and branding available

Built to last:

- Designed and manufactured in the UK - reducing carbon footprint
- Made from fully recycled, responsibly-sourced, galvanised steel
- Backed by a 10-year guarantee
